

Green4Laundry

Environmentally Safe Laundry Detergent and Stain Remover

Green4Laundry is a safe, environmentally preferable laundry detergent and stain remover that provides cleaning power and grease removal without hazardous phosphates, ammonia, toxins, or petrochemicals found in other detergents. Based on a Green-Seal certified formula, it is hypo-allergenic, and safe for everyone - even those with Multiple Chemical Sensitivity.

ENVIRONMENTALLY SAFE

Green4Laundry is:

- Non-Hazardous
- Non-Toxic
- Bio-Degradable
- Non-Caustic
- Contains no Glycol Ethers, Acids, or Alkalis
- No Carcinogenic Materials
- Neutral pH
- Will not harm people, animals, or plants

HOW IT WORKS

Green4Laundry has special, dirt-capturing ingredients to help suspend dirt and grease in the water, and keep them from re-depositing in the clean laundry. Green4Laundry works on all sized loads and is strong enough to tackle the toughest dirt, yet it's safe for delicate fabrics.

GREAT ON STAINS

Green4Laundry is an excellent for removing tough stains, and has special ingredients to keep stains from reappearing on the fabric.

Green4Laundry removes stains from:

Grease	Coffee	Milk
Oil	Pet Stains	Ketchup and Mustard
Food stains	Grape Juice	Shoe Polish
Wine and Liquor	Blood Stainsand more

To remove these stains, simply pre-treat them with **Green4Laundry**. Pour **Green4Laundry** full strength onto the stain and work into the fabric. Then wash as normal. The stain will be removed and no "shadow" will remain.

USE ON ALL FABRICS - IN ALL MACHINES

Green4Laundry can be used safely on any fabric, even delicates. Yet it can take on the greasiest work clothes. It works in all wash machines, top loading or front loading, home or commercial machines. And **Green4Laundry** is effective in both hard or soft water.
