

MARBLE

TRIPLE CARE SYSTEM

Restores dull, worn floor to its original appearance, while protecting the surface without any build-up.

This System prolongs floor life while preserving the natural beauty of the surface.

benefits

OF THE TRIPLE CARE SYSTEM

1. Leaves a hard, resilient skin that protects natural and artificial stone appearance.
2. Produce a non-slip, high gloss durable surface.
3. No build-ups or discoloration.
4. Enhance the natural appearance of marble floor.
5. Economical and greatly reduces labor input.
6. Quick drying allows instant access to treated floor area.
7. Extremely simple to apply and to maintain.
8. Can be used on wide variety of surfaces.

- Marble
- Granite
- Terrazzo
- Limestone
- Cork
- Terra cotta
- Slate

MARBLE

1

SANITILE

Prepares the floor for restoration

SANITILE penetrates the pores of the surface, breaks up and suspends the soil and grease for easy rinsing. Leaves no residual film. SANITILE will not adversely affect the polished surface as in the case of harsh cleaners.

PROPERTIES

- Non-Hazardous
- Biodegradable
- Non-Corrosive
- Industrial Neutral pH Factor
- Will not harm people and property
- Non-Toxic
- Contains no abrasives, alkali, acids
- Non-Caustic
- Non-Volatile
- 100 % water-soluble

2

RENOVATOR

Gives the floor a hard, non-slip protective skin.

RENOVATOR serves the "foundation" of the floor. Having an excellent plasticity coefficient RENOVATOR penetrates deep into the pores below the surface and occupies these spaces, leaving an invisible, hard, slip-resistant protective skin at the floor surface. RENOVATOR is flexible enough to "breathe" with the stone as it contracts and expands.

RENOVATOR makes the substrate resistant to stains, increases static coefficient of friction, reduces wear percentage and decreases surface absorption. RENOVATOR prevents most liquids from penetrating or adhering to the marble, terrazzo, granite, limestone, concrete and any other masonry surfaces.

PROPERTIES

- Non-Toxic
- Grease, chemical, oil, abrasion resistant
- Stain resistant
- Slip resistant
- Does not yellow or crack
- Quick drying
- Simple to apply

3

UNISOURCE

Superior cleaner and polish to maintain the floor's beauty

UNISOURCE is chemically compatible with RENOVATOR. UNISOURCE cleans, shines and deodorizes a surface leaving high gloss protection. This product principally manufactured from pure vegetable soaps and top quality natural pine oils. With no waxes or silicones, UNISOURCE does not build up, discolour or powder. The surface is enhanced with every application.

PROPERTIES

- Non-Hazardous
- Biodegradable
- Neutral pH factor
- 100 % water-soluble
- Will not harm people and property
- Non-Toxic
- Contains no abrasives, alkali, acids
- Non-Caustic
- Slip Resistant
- No Carcinogenic Materials

This product meets Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.
