

KRYSTAL CLEAR

GLASS MIRROR STAINLESS STEEL CLEANER

- Biodegradable
- Non-Toxic
- Water Soluble
- No Butyl
- Neutral PH
- Ammonia Free
- Alcohol Free

Krystal Clear is an environmentally preferable high performance non streaking cleaner. Our formulation does not contain Ammonia, Alcohols or Vinegars commonly found in other cleaners.

Our proprietary blend can be used on multiple surfaces such as; glass, stainless steel, chrome, vinyl or leather.

When applied to LCD monitors or finished surfaces, Krystal Clear reduces dust accumulation by helping to neutralize the static buildup.

In a new initiative, we have created the Super Concentrated version of Krystal Clear. This water based product is now available for qualified distributors. Our formulation allows for extensive cost savings, flexibility, performance and process based dilutions for your customers.

AVAILABLE IN SUPER CONCENTRATED FORMULATION OF 1:15 TO ACHIEVE REGULAR CONCENTRATION.
THEN DILUTE AS FOLLOWS:

Process / Solution	Dilution
Glass and Mirror Cleaning	1:20
Stainless Steel and Chrome Cleaning	1:20
SChrome Cleaning	1:20
